### Story

For generations, stories have been told of the fearsome weapon of the Norse god Thor. Legend holds that he who wields the hammer has the power to smash mountains into valleys and the strength to destroy even the gods. For more than a thousand years it has existed only as a myth...until now.

In an ancient ruin on the floor of the Mediterranean Sea, Lara Croft uncovers proof of the Norse underworld and the mythical hammer. As she attempts to unravel the secrets behind these myths, Lara's perilous journey leads her toward a forgotten power that, if unleashed, could lay waste to all civilization.

### EXCLUSIVE Wii FEATURES

- **Built specifically for the Wii:** Level design and environmental challenges are designed to take advantage of the unique capabilities of the Wii Remote and Nunchuk.
- **Exclusive Multi-Tool:** Excavate hidden secrets with this modernized and expanded tool kit that includes:
  - *Compressed Air Gun:* A high-powered instrument used to clear away dirt or silt.
  - *Acetylene Torch:* An advanced, multipurpose torch used to weld metal objects, set fire to objects, and melt ice.
  - *Chisel:* Pry apart objects or chip away sediment in order to discover hidden secrets.
