Important Health Warning About Playing Video Games

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing. If you experience any of these symptoms, stop playing immediately and consult a doctor.

Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing or flashing/strobing images in video games. These seizures may have a variety of symptoms, including lightheadedness, disorientation, confusion, or momentary loss of consciousness. These seizures may also cause loss of consciousness or convulsions that can lead to injury from falling or striking nearby objects.

For more information, visit: www.epilepsy.com/photosensitive seizures
At the age of nine, Lara survived a plane crash in the Himalayan Mountains that led to her mother’s mysterious disappearance. After miraculously surviving a ten-day solo trek to Kathmandu, Lara spent the rest of her childhood under the close tutelage of her archaeologist father, the late Earl of Abbingdon, Richard Croft. At 18, following the death of her father, Lara inherited the Croft estates and became Countess of Abbingdon. Since then she has been credited with the discovery of numerous archaeological sites of international significance in her efforts to uncover the secrets of the ancient civilization that underlies all officially recorded history.

Lara Croft has been hailed as both an archaeological wunderkind and a glorified treasure hunter. Countless rumors surround her exploits, invariably involving the unexplained or outright unbelievable. Lady Croft herself is rarely available for comment, further adding to the fog of mystery that surrounds her life and work. Consequently, Lara continues to be the focus of wild speculation and intense debate. Idealized and vilified in equal measure, she is perhaps one of the most fascinating and enigmatic figures of our time.
INSTALLING THE GAME ON WINDOWS VISTA®

1. Insert the game disc into your DVD drive.
2. When the Launch Panel is displayed, choose INSTALL.
3. When the User Access Control option appears, choose the option that reads CONTINUE.
   (If you are not currently logged into a Windows Vista® user account with administrator rights, you will be asked to provide the username and password of such an account).
4. Select the relevant option to agree to the End User License Agreement.
5. Choose either DEFAULT INSTALLATION (for most users) or CUSTOM INSTALLATION (for advanced users).
6. Follow the on-screen prompts to complete the installation.

RUNNING THE GAME ON WINDOWS VISTA®

• When installation is complete, select OK from the Setup screen.
• To begin playing the game at a later date, insert the disc into the DVD-ROM drive. After a few seconds, the Launch Panel will appear via the AutoPlay feature. Click the Play button to start the game.
—OR—
Click the Windows button. Open the Games Explorer by clicking the option that reads GAMES, and then click on the TOMB RAIDER: UNDERWORLD icon to start the game. View the Readme file and related websites from within the Games Explorer menu.

UNINSTALLING THE GAME ON WINDOWS VISTA®

1. From your desktop select: Windows Button->Control Panel->Uninstall Program (from the Programs section).
2. When prompted, click YES to remove TOMB RAIDER: UNDERWORLD from your computer.

WINDOWS VISTA® PARENTAL CONTROLS

Please note that if Windows Vista® Parental Controls have been set up, TOMB RAIDER: UNDERWORLD can only be played when the computer is logged into a user account that meets the age restrictions that appear on the game packaging.

SOUND BLASTER® X-Fi™

Sound Blaster® X-Fi™ sound cards blur the line between gaming and reality. It delivers a no-compromise promise of both lightning-fast gaming and immerse audio environment—all at the same time. Play TOMB RAIDER: UNDERWORLD with Sound Blaster® X-Fi™ to experience gaming audio that sounds more dynamic and realistic than you could ever imagine. To learn more about Sound Blaster® X-Fi™ sound cards, please visit http://www.soundblaster.com.

FAMILY SETTINGS

KEYBOARD CONTROLS

Family Settings in Games for Windows – LIVE complement Windows Vista® parental controls. Manage your child’s access and experience with easy and flexible tools. For more information, go to www.gamesforwindows.com/live/familysettings.

For Windows

Xbox 360 Controller
Lara has a grapple that she can use in a number of different ways: to attach to moveable objects and drag them toward her, to swing across gaps, and to climb up and down.

Once attached to a grapple point, Lara can either pull on the point that the grapple is attached to, or bend the grapple line around objects and then pull the line toward herself.

**Basic Grapple**
- Stand facing a ring and press `Q` (X) to fire the grapple line.
- Press `E` (Y) after connecting to pull the grapple line.
- Press `F` (B) to detach and retract the grapple line.

**Grapple Rappel**
The grapple can also be used to allow Lara to climb up or down walls and cliffs.
- Attach the grapple as usual, and then:
  - To rappel down, move Lara off the platform she's on by walking or jumping her over the edge.
  - To climb up, position Lara under the grapple point and press `spacebar` (A) to hang from the grapple line.
  - Hold `E` (Y) and use the arrow keys (M/Q) to move Lara up/down.

**Grapple Wall Run**
Lara can use the grapple on a wall-mounted ring to run along the wall itself.
- Attach the grapple as usual, and then, when Lara is suspended below the grapple point, swing her left/right with the arrow keys (S/O).
- To jump away from the wall, stop swinging and quickly press `spacebar` (A).

---

**Portables**
Lara will find objects that she can pick up and carry in her hand or arms throughout her adventures. These can be used in a variety of ways.

- When Lara is close enough, she can pick up objects or remove portable poles (while hanging from them) by pressing `E` (Y).
- Press `F` (B) to place the object on the floor.
- Press `K` (Z) to throw the object.
- Press `E` (Y) to melee attack using the object.
- To place a portable pole in a hollow, move Lara nearby and press `E` (Y).

**Chimney Jump**
Lara can perform an athletic chimney jump when two suitable opposing walls are close enough for her to jump from one to the other.
- Jump toward a wall by pressing `spacebar` (A).
- When Lara connects with the wall, quickly press `spacebar` (A). Lara will jump back off the wall.
- Press `spacebar` (A) repeatedly to have Lara bounce upward between the walls.

**Note:**
A single jump off a nearby wall can allow Lara to grab onto ledges or poles she wouldn't be able to reach directly.

---

**Swim Controls**
- Press `W` to fast swim.
- Press `E` to swim downstairs.
- Press `R` to swim upstairs.
- Press `A` to swim left.
- Press `D` to swim right.

---

**Advanced Controls**
- Press `J` to use movement within Swimming/rling.
- Press `Y` to use movement within Swimming/sieg.
DUAL TARGETING
Using certain weapons, Lara can target two enemies at the same time.

• When faced with two or more enemies, press H (pull x). Lara will automatically fire upon two enemies when it is possible to do so.

MELEE FIGHTING
Lara can take on enemies in close quarters (melee) fighting.

• Press E (Y) to perform a melee attack.

ENEMY VAULT
Lara can dodge or confuse enemies by jumping over or off of those that are very close.

• Move toward an enemy and press spacebar (A) to perform an enemy vault.

KNOCKDOWN RECOVERY
If Lara suffers a blow from a powerful enemy attack, she will be knocked to the ground.

• Press spacebar (A) or F (B) to quickly get Lara back on her feet.

ADRENALINE HEADSHOT
(ONE SHOT KILL)
General combat will gradually increase Lara’s adrenaline level. When her Adrenaline gauge in the top left of the screen is completely full, she is able to perform an Adrenaline Headshot.

• Press Q (X) when the enemy draws close to vault off the enemy and enter Adrenaline mode.

• Move the mouse (C) to position the targeting reticle over the enemy’s head, and press H (pull x) to perform an Adrenaline Headshot.

CONCENTRATED FIRE
When Lara has any amount of adrenaline stored, she can concentrate her fire on an enemy for greater damage and impact.

• Hold G (w) to lock on to an enemy.

• Press Z (h) to activate.

COMBAT MOVEMENT CONTROLS

- W A S D or arrow keys + F: Move forward, back, left, right.
- WASD or arrow keys + spacebar: Somersault forward, back, left, right.
- WASD or arrow keys + spacebar: Multi-directional roll.
- WASD or arrow keys + spacebar: Concentrated fire (while adrenaline is available).
- WASD or arrow keys + spacebar: Precision aim reticle on/off.
- WASD or arrow keys + spacebar: Switch weapon.
- WASD or arrow keys + spacebar: Move mouse.
- WASD or arrow keys + spacebar: Switch target when locked on.
- WASD or arrow keys + spacebar: Snatch weapon.
- WASD or arrow keys + spacebar: Switch weapon.
- WASD or arrow keys + spacebar: Fire weapon(s).
- WASD or arrow keys + spacebar: Hold G (w) to lock on to an enemy.
- WASD or arrow keys + spacebar: Press Z (h) to perform an Adrenaline Headshot.
- WASD or arrow keys + spacebar: Move mouse ($/^ (J/F) Switch target when locked on.)
- WASD or arrow keys + spacebar: Press A (L) to perform a melee attack / Use melee weapon / Dislodge small enemies.
- WASD or arrow keys + spacebar: Press F (B) with adrenaline (while adrenaline is available).
- WASD or arrow keys + spacebar: Press Q (X) when locked on to trigger Adrenaline mode.
- WASD or arrow keys + spacebar: Press F (B) to perform a melee attack.
Lara can use a powerful high-performance motorcycle that can be adapted for use across different terrains.

- Press E (Y) to mount the vehicle.
- Use AD or the arrow keys (L) to steer.
- Press H (pull x) to accelerate.
- Press G (pull w) to brake/reverse.
- Press spacebar or F (A or B) for emergency brake (while moving).
- Press J or K (y or z) to fire Lara’s weapon.
- Press E (Y) to dismount.

**SPEED BURST**

If either brake is held at the same time as H (x), the bike revs up. When the brake is released, Lara gains a burst of speed. The higher the revs, the stronger the speed burst.

**ALL-TERRAIN MOTORBIKE**

**SITUATIONAL ADRENALINE**

Sudden, dangerous situations automatically trigger Lara’s Situational Adrenaline. In this mode, time slows down and Lara’s responses are heightened.

- When Situational Adrenaline is activated, use the standard control scheme to avoid danger.

**HEALING LARA**

- **REGENERATION** — If Lara is badly injured, her health will regenerate to a certain extent.
- **FULLY REPLENISHING HEALTH** — Press home (m) to use First Aid Kits or Natural Remedies that Lara has picked up.

**PDA**

Activate Lara’s PDA by pressing tab (<).
There are various Treasures and Relics in TOMB RAIDER: UNDERWORLD to be discovered and collected. By picking up these items, you unlock bonus content, so make sure Lara searches the game world thoroughly.

- You can revisit a location you have previously visited to search it for Treasures and Relics.

**SAVING & LOADING**

To save the game:
- Press `esc` to activate the in-game menu.
- Select "Save Game".
- Choose a save game slot.

To load a saved game from the Main Menu or in-game menu:
- Select "Load Game".
- Select the save file you want to load.

**NOTE:** The game automatically saves your progress at every checkpoint and new chapter. Every chapter has game save checkpoints. A chime will alert you when you have reached a checkpoint.

**FIELD ASSISTANCE**

If you get stuck in any section of the game and cannot progress in the adventure, you will always have access to Field Assistance:
- Press `tab` to activate Lara's PDA.
- Select "FIELD ASSISTANCE".
- Press `spacebar` or `A` to hear what to focus on (hint).
- Press `E` or `Y` to hear what to do (task).
